

The **MINI PERSONAL ALARM** with CLIP has a very sleek and compact design, but don't let its small stature fool you. This easily activated alarm will emit an ear piercing 101dB alert that will send your aggressor fleeing for the confines of a sound proof room. You can deactivate this alarm just as easily as you activated it, with the click of a perfectly located button. This alarm fits easily in your pocket, purse, can be clipped onto your belt, or attached to a key chain. Anyway you chose to carry it, it will be nothing but beneficial to your safety. Uses three AG13 batteries (included). **PAL-101CL \$9.95**

The **MINI TRAVEL ALARM** with PIR SENSOR is an effective low cost motion alarm that can be used to effectively to deter an assailant. It can be activated by just pulling the alarm cord located at the top of the unit or can detect motion up to 9 feet away. Emits a loud 15 second, 100dB blast making an impending criminal cower and run. Just slide the cover down exposing the infrared sensor and the off/auto switch. Turn the switch to auto, and the sensor will start detecting motion in 60 seconds. Contains an LED flashlight, and its convenient size makes it perfect for concealing and traveling. Uses three AG13 batteries (included). **PAL-100TR \$14.95**

Have you ever experienced the terror of thinking your child is missing or lost? We have all had the gut-wrenching feeling of turning around in a busy street and finding that our child is nowhere in sight. Now this could be

prevented with the new improved **CHILD GUARD PANDA**. Worn by the child, the cartoon animal-shaped transmitter sends a constant signal to the receiver, which is held by the adult. The signal is adjustable - from a distance of 3 to 21 feet, so when the child goes beyond the set distance, the adult's receiver starts to beep, letting them know that the child is starting to wander off. The Child Guard is worn on the child's wrist. **YS-088 \$25.50**

Help protect your children in your home with the **MACE® KINDERGARD® CHILD PROTECTION KIT**. Don't let your baby become a statistic when most home accidents can be avoided. **00512 \$9.95**

Kit includes 12 items in all:

- 2 Cabinet Latches
- 4 Outlet Plugs
- Cabinet Lock
- Door Knob Guard
- 4 Corner Cushions

Often times crime happens when no one is around to notice and the crooks are long gone by the time anyone does. Now, you can protect your home or office with the **HOMESAFE® AUTO DIALER SECURITY and SAFETY ALARM**.

The Auto Dialer is a unique passive infrared system that monitors motion in an area you select. When the unit is ARMED, the motion detector watches the protected area. Once movement is detected, a 105dB security alarm will sound and the Auto Dialer will call up to 5 preset telephone numbers selected by you. The Auto Dialer can also be used in Chime mode, such as in a store, where a chime will alert you when motion is detected. The Auto Dialer is easy to set-up. Install a 9-volt battery (not included), connect the AC adaptor and telephone line (included). Then mount the Auto Dialer to the desired location 5-6 feet above the floor.

AUTODIALER \$39.95

The **TELESPY™ INTRUDER ALERT** is a clever and reliable combination of a telephone, a motion sensor, and a microphone. The TeleSpy is an ordinary telephone that doubles as a monitoring system. Simply enter any phone number you want the unit to call and turn the motion sensor switch to "on". Should motion be detected the

phone will dial the number entered and upon answering you will be able to listen in via the amplified microphone on the unit. The TeleSpy allows you to decide from a safe location if it is a friend or foe before you call the police. The listening period is about 30 seconds, then the TeleSpy disconnects and instantly re-arms to detect again and again. TeleSpy operates from any phone line, requires no installation, and is completely portable. No monitoring fees, no false alarms. **TELESPY \$75.95**

Use the **SUPER DOOR STOP ALARM** as an entry alarm and to block a door from being opened. If anyone tries to open the door, this 120dB alarm will sound. Alarm stops when pressure is released from door stop plate. There is also a movement sensor with adjustable sensitivity that will activate the alarm if it's tampered with. Uses one 9-volt battery (not included). **DSAL-2 \$15.00**

This compact, attractive **MAGNETIC DOOR ALARM** uses magnetic affinity to initiate its 110 dB siren. The base of the alarm is attached to door or window frame, the actuator is attached to the window or door. The alarm is activated by opening the door or window. Great for any door or window, particularly those hard to protect sliding glass doors. Includes three lithium button cell batteries.

White **SLAW2200W** Black **SLAW2200B \$7.95**

The **MINI ALERT ALARM** uses passive infrared technology to protect a room from intruders. Producing an infrared triangle, the Mini Alert creates an unseen barrier that's impossible to penetrate without setting off the alarm! Battery operated, the Mini Alert needs no wiring and can be easily moved to a new location. Mounting bracket included. Requires three AA batteries. **MINI2040 \$15.95**

The **MOTION ALERT ALARM** passive infrared system detects motion in any selected area. It mounts easily (vertically or horizontally) near any entry area and is battery operated, eliminating any need for wiring. Unit can be coded with a personal security code and can be set to utilize a two-tone entry chime, instead of the alarm sound. Mounting screws and AC connector included. 9-volt battery (not included). **HA-125 \$32.95**

DUAL FUNCTION DOOR BRACE works on Hinged Doors and Sliding Doors. **NON-MARRING YOKE:** (removable for sliding doors). Helps protect against finish damage. **DESIGNED TO FIT MOST DOORS:** Simple push button adjustment requires no tools. Extends to 46". **HIGH STRENGTH STEEL TUBE:** 20-gauge steel for greater strength **PADDED FOOT:** provides sure grip on most floor surfaces and protects against finish damage. **PORTABLE:** Collapses to 31 inches to fit in most suitcases and garment bags. **DOORBRACE \$15.95**

LIFETIME GUARANTEE

This multifunctional **BARKING DOG ALARM** system uses an electronic radar-wave sense control. This technology allows it to "see" through wood, cement, brick, glass, etc. When an intruder enters the 100° triangle of protection, it automatically begins barking like an angry dog. From outside, it sounds like you have a very unfriendly dog inside. It also can announce visitors with a chime or alarm.

The radar sensitivity is adjustable from 10-20 feet. Volume is also adjustable. Stands 9 inches tall. Powered by AC power supply. Also takes 8 AA back-up batteries (not included) in case of power loss. Unit needs to face in the direction you want to detect motion. Detection is limited from the sides and rear. The included remote control lets you Arm and Disarm the system, as well as set off a Panic alarm. You can also connect one additional sensor (HA-MOTION or HA-SENSOR pg.18). **EWD-1 \$99.00**

The **ENTRY ALARM with RF REMOTE CONTROL** is an effective door or window alarm that can be activated from the remote control. The three different radio frequencies allow you to arm and disarm multiple units in your house with one click of the remote. Alternatively you can tune the channel of the remote to operate different sets of units within your house. Just install the main unit and the magnetic bar on the frame of the door or window, using the powerful adhesive tape. When the door or window is opened the alarm will emit an intense 110dB siren. Main unit uses 3AA batteries (not included). Remote uses 3 LR44 batteries (included). **HP-110RF \$24.95**

The **GLASS BREAKAGE ALARM** is an effective low cost vibration alarm that can be used for securing windows or doors. The glass alarm can also be used as a personal property alarm to protect computers, TVs, stereo's, cabinets, etc. Includes one 12V battery and strong adhesive tape. Turn the switch on the side to the ON position. When the glass is hit, knocked or broke by anyone, the siren will sound for approximately 30 seconds and then shut off and reset. **HP-GLASS \$9.95**

The **DOOR GUARD ALARM** is a very versatile vibration alarm. Ideal for home, office or travel. This alarm requires no installation, simply hang it on any doorknob and it instantly detects any vibration. When the alarm is tripped, it will emit a 98dB alarm for 20-30 seconds, then will reset in 3-5 seconds. The sensitivity of the alarm is easily adjusted with a screwdriver. The Door Guard can also be used as a flashlight. The Door Guard is ideal for keeping you and your loved ones safe from harm whether in your home or while you travel. Not sure about that shady looking hotel, but can't beat the price, feel confident and safe. Uses 2 AAA batteries (not included). **HP-98DG \$12.99**

VOICE ALERT SYSTEM-6 is a new annunciator system featuring wireless PIR (Passive Infrared motion detector) sensors, transmitters and a remote receiver/speaker base unit. Users record their own alert messages and are then notified with their own voice message when activity in a monitored zone is detected. For instance, Zone 1 could be for a driveway alarm - "Car coming up the driveway!" Zone 2 could guard a side entrance against intruders. When this PIR detects movement the Base Unit could play back "Someone's on the patio" **and** trigger a floodlight using one of the four "C" relays included on the Base Unit. Zone 3 could be used by the entrance to the backyard pool. When triggered, this Zone plays back "Kids are by the pool." Zone 4 might be used to detect movement in your prized garden. You could record "Is there a deer in the garden?" to be played when the sensor for this zone is triggered near your garden. System-6 can monitor all four zones simultaneously and still have two additional zones available (along with their own custom messages), if required.

Alter your messages and place the wireless sensors wherever you wish. Voice Alert System-6 sets up in minutes and can be completely customized to fit your individual needs. The wireless PIRs feature: all weather protection, adjustable mounting and sensitivity, and can send a signal 300 feet through walls and up to 1000 feet in open space.

Key applications include: • Wireless Driveway Alarm • Residential and Small Business Security • Child Monitoring and Pool Safety • Home Automation System-6 allows a maximum of six user recorded messages. Each message is specific to one zone. Includes the base unit and a wireless sensor. **Additional sensors available separately.**

VA-6000S \$149.95

**Add as many
VOICE ALERT SENSORS
as you need.**

These transmitters connect to sensing devices such as smoke alarms, motion and CO detectors, window/gate/door contacts, door bells, water level indicators or pressure pads. When the sensing device is triggered, the transmitter signals the Voice Alert System. The TXPCBB-V also has a vibration sensor that will trigger if the transmitter is bumped or moved. Can be used in conjunction with VA-6000T transmitters.

TXPCBB \$69.95 TXPCBB-V \$79.95

Additional Sensors VA-6000T \$69.95

More than 900 children between 1 and 14 die each year in drowning accidents. In California, drowning is the number one cause of accidental death for children 1-4 years of age.

But, do you really need these statistics to convince you to do everything you can to prevent this from happening to your child or grandchild?

The **POOL PROTECTOR** pool alarm (not to be confused with the brand PoolGuard™) is an electronic monitoring system that automatically sounds an alarm when children or pets fall into your unsupervised pool. It's portable, self-contained and lightweight. The unit is simple to operate. Entry into the pool will be detected by the Pool Alarm's electronic sensor, triggering a loud pulsating alarm at the unit and inside your house from the remote receiver.

The Pool Protector installation is very easy. It sits on the pool deck as shown in the picture. After you install the Pool Protector, it can't be deactivated; it is always in the alarm ready mode until you put it in Sleep Mode.

Pool Protector sits on pool deck

If someone who does not know how to put the Pool Protector in sleep mode attempts to remove the alarm, it will sound an alarm. The Pool Protector comes with a remote receiver which can be mounted in your home up to 200 feet from the main unit. It comes with a 12-volt power supply.

The Pool Protector uses one 9-volt battery (not included) which should last approximately one year. There is an audible low battery indicator which will sound at the poolside alarm and the remote receiver. **POOLALARM \$159.00**

The **HOMESAFE® WIRELESS HOME SECURITY SYSTEM** is an affordable solution to your home or office security needs. This easy to operate security system will sound an alarm and dial up to 5 preset phone numbers to let you know motion has been detected or a door or a window has been opened in your home. A land line with tone dialing is required. Can add multiple remotes for additional family members.

HOW IT WORKS:

1. When the door/window sensor or motion detector is triggered, it sounds an alarm and sends a signal to the base unit.
2. The base unit dials the first telephone number of your programmed list.
3. The person answering the call will hear a prerecorded alert message.
4. That person will have the option to listen in on the room, broadcast their voice through the base unit, or disarm the system.
5. If there is no answer, or if the person doesn't disarm the system, it will dial the next number on your programmed list.

Includes 1 base unit with AC adaptor, 1 window/door sensor (wireless transmission up to 250 feet), 1 motion detector (range 8 yards) and 1 remote control with panic feature for arming and disarming the unit.

HA-SYSTEM \$119.95 Additional Remote Controls **HA-REMOTE \$15.50**

This HOMESAFE WIRELESS HOME SECURITY SENSOR

is a double sensor that detects vibration and when your door/window has been opened. It has a wireless radio frequency range of 300 feet. When triggered the RF signal activates the alarm. Uses one 9-volt battery (not included). Easily protect every window and door of your home.

HA-SENSOR \$24.95

This HOMESAFE WIRELESS HOME SECURITY MOTION SENSOR

can detect motion from up to 8 meters away and has 110 degree motion detection angle. It has a wireless radio frequency range of 300 feet. When triggered the RF signal activates the alarm. Uses one 9-volt battery (not included). Easily protect every window and door of your home.

HA-MOTION 24.95

The **AUTO EMERGENCY TOOL** is clearly a lifesaver! With 4 emergency functions in one, this car emergency tool is the most versatile on the market. The super bright flashlight can be used at night in any situation. The blinking emergency light activates automatically upon removal from its base. If trapped inside a car, use the unit as a hammer to break the window for escape or use the blade to cut the seat belt. A snap-on base allows for fast removal in any emergency while the magnetic head keeps the unit handy when working on the car. The housing is water resistant. Easy installation requires no tools. Includes: Super Bright Flashlight, Blinking Emergency Light, Window Escape Hammer and Seat Belt Cutter. 7 inches long. **Q1014 \$14.95**

TELEPHONE VOICE CHANGER 1

Disguises your voice by digitizing it. The degree of change can be adjusted as you are speaking by pressing the buttons located on the front of the unit. Features an on/off switch and is powered by a 9-volt battery (not included). Easy hook-up and is compatible with all telephones because you simply hold it over the mouth-piece and speak normally.

Dimensions: 4" x 2" x 3/4" **TVC-1 \$29.00**

TELEPHONE VOICE CHANGER 2

Now you can answer the telephone without anyone recognizing your voice.

Press a button and completely change your voice. There are 8 different voice changing settings. A man can sound like a stranger, a woman like a man, or a grand-dad like a child. Travels anywhere, measures 5" x 3" x 1/2". Voice Changer 2 operates on 3 AA batteries (not included) and includes handset connector cable. Will not work on cordless phone handset connector cable. **TVC-2 \$49.95**
